To be used to assist in preparing the required:
**Summary Report on the Immunization Status of Incoming
12th Graders in Your School**

**Department of
Health**

Instructions

Use this worksheet to help you fill out your annual immunization survey. **DO NOT RETURN** the worksheet to the Ohio Department of Health (ODH). ODH only collects aggregated school data. **DO NOT** report individual names of students to assure the Family Educational Rights and Privacy Act (FERPA) requirements are followed.

ODH has developed an online reporting process for schools to document immunization levels for kindergarten, seventh grade, 12th grade, and new pupils in grades first through sixth and eighth through 11th.

The online [school reporting tool](#) can be accessed through ODH.

Reporting Overview

[Ohio Revised Code section 3313.67](#) requires that schools report the immunization status of students **by Oct. 15 of each year**. Each school or portion of a school that has its own [Information Retrieval Number \(IRN\)](#) must submit a separate report for all applicable grades.

Immunization Requirements for School Attendance in Ohio

Minimum immunization requirements, including doses and minimum intervals can be found in the [Director's Journal](#). Schools can find additional resources, such as the [School Immunization Summary](#), on the [Ohio Department of Health \(ODH\) Immunization program](#) webpage.

Documentation

Student immunizations must be documented with the specific **month, day, and year** of vaccine administration for each dose of each vaccine received.

- Blanket statements that all immunizations are “up to date” or “valid” **do not meet** state documentation requirements.
- “At hospital” or “at birth” **is not acceptable** for Hep B birth dose.
